19th of February 2020

Dear Prof. Paolo MERCORELLI,

Control and Drive Systems Unit,
Institute of Product and Process Innovation,
Leuphana University of Lüneburg, Germany

It is our pleasure to invite you to become an Invited Speaker at the "1st International Doctoral Workshop on Advanced Approaches in Robotics, Control and Computing – A²RC²" forthcoming between 30th of March - 3rd of April 2020 in Craiova, Romania. The workshop is jointly organized by the:

- Faculty of Automation, Computer and Electronics, University of Craiova,
- "Constantin Belea" Doctoral School of Control, Computers and Robotics.

The aim of the A²RC²workshop is to introduce PhD students and young researchers of the Faculty of Automation, Computer and Electronics at the University of Craiova to recent research topics in the areas of Control, Computing and Robotics. The workshop will consist of invited lectures presented by reputable international scientists who will introduce their main research areas to the audience, as well as their novel results in the workshop topics.

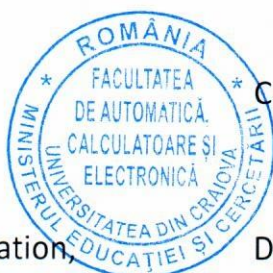

The Web page presenting this event is: <https://ids.software.ucv.ro/workshop/>

Taking into account your well-known expertise and results in the field, it is our deep belief that your invited talk at A²RC² workshop would be very valuable for the PhD students and young researchers of the Faculty of Automation, Computer and Electronics at the University of Craiova. We would be very happy if you would accept our invitation.

Sincerely Yours,

Dan SELIȘTEANU, Prof. PhD

Dean of the Faculty of Automation,
Computer and Electronics

Costin BĂDICĂ, Prof. PhD

Director of "Constantin Belea"
Doctoral School
