2023 PHD WORKSHOP

EMPIRICAL MICROECONOMICS

ABOUT THE EVENT

PRESENTATIONS

For your presentation, please prepare a short (!) 10-minute flash talk. An additional 5 minutes are allocated for clarification questions and transitioning to the next speaker. During your talk, focus on providing an overview of your current work and the challenges you are facing. This will serve as a foundation for more detailed discussion during the academic hike, where you can ask questions, receive feedback, and delve deeper into your research.

ACADEMIC HIKE

This will be a leisurely walk, at a pace that will allow you to talk and listen, but we will cover some distance. Therefore, be sure to bring appropriate footwear, water, and maybe a snack. We will walk regardless, as long as there is only a light drizzle. In such a case, a raincoat might come in handy. However, if it rains heavily, we have prepared an indoor alternative.

GETTING THERE (FROM HAMBURG):

RE3 82115 (towards Uelzen) leaves at 8:57 am from Hamburg Hauptbahnhof. From Lüneburg Hauptbahnhof, you can take the bus or a DB Bike to campus. You will arrive on Campus by 9:55 am the latest.

ONLINE PARTICIPATION

We will open a Zoom room on the presenter laptop for the first part of the workshop (10:00-13:00) and share slides during the presentations. The audio quality might not be amazing.
